Renault S.A.
Euro 7,000,000,000
Euro Medium Term Note Programme
Due from one month from the date of original issue

Under the Euro Medium Term Note Programme described in this Base Prospectus (the **Programme**), Renault S.A. (the **Issuer, Renault or Renault S.A.**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes governed by French law (the **Notes**). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 7,000,000,000 (or the equivalent in other currencies).

This document constitutes a base prospectus (the **Base Prospectus**) for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**). This Base Prospectus received the approval number 20-263 on 18 June 2020 from the *Autorité des marchés financiers* (the **AMF**) and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

This Base Prospectus contains all relevant information concerning the Issuer, the Issuer and its subsidiaries consolidated on a full integration basis (*filiales consolidées par intégration globale*) taken as a whole (the **Group, Groupe Renault or the Renault Group**) and the base terms and conditions of the Notes to be issued under the Programme, together with supplements to this Base Prospectus from time to time (each, a **Supplement** and together the **Supplements**). In relation to each Tranche of Notes, the Base Prospectus must be read in conjunction with the applicable Final Terms (as defined below).

This Base Prospectus supersedes and replaces the Base Prospectus dated 17 May 2019 and any Supplements thereto.

Application may be made to Euronext Paris for the period of twelve (12) months from the date of this Base Prospectus, for Notes issued under the Programme to be admitted to trading on Euronext Paris and/or to the competent authority of any other Member State of the European Economic Area (**EEA**) or in the United Kingdom (the **UK**) for Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such Member State or in the UK. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instrument Directive 2014/65/EU, as amended, appearing on the list of regulated markets (a **Regulated Market**) published on the European Securities and Markets Authority (the **ESMA**). However, Notes may be issued pursuant to the Programme which are not admitted to trading on any Regulated Market. The relevant final terms (the **Final Terms**) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market.

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L. 211-3 and R. 211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination, Title Redenomination and Currency") including Euroclear Bank SA/NV (**Euroclear**) and the depository bank for Clearstream Banking S.A. (**Clearstream**) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th calendar day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Bearer Notes") upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The Programme has been rated BB+ by S&P Global Ratings Europe Limited (**S&P**) and Ba2 by Moody's Investors Service Ltd (**Moody's**). The long term debt of the Issuer is rated BB+ with a negative outlook by S&P, Ba2 with a negative outlook by Moody's and BB+ with a negative outlook by Fitch Ratings Limited (**Fitch**). S&P is established in the European Union, Moody's and Fitch are established in the United Kingdom and each of S&P, Moody's and Fitch is registered under Regulation (EC) No 1060/2009 (as amended) (the **CRA Regulation**). As such, each of S&P, Moody's and Fitch is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated. Notes will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. Tranches of Notes issued under the Programme may be rated or unrated. The rating of a Tranche of Notes (if any) will be specified in the Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union or in the UK and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche based on then prevailing market conditions and will be set out in the relevant Final Terms.

This Base Prospectus and any supplement thereto will be published on the websites of (a) the *Autorité des marchés financiers* (www.amf-france.org) during a period of twelve (12) months from the date of this Base Prospectus and (b) the Issuer (www.renault.com). The Final Terms related to Notes admitted to trading on any Regulated Market will be published on the websites of (a) the AMF (www.amf-france.org), as the case may be, and (b) the Issuer (www.renault.com).

This Base Prospectus, together with supplements to this Base Prospectus from time to time (each a Supplement), constitutes a base prospectus for the purpose of Article 8 of the Prospectus Regulation, and contains all relevant information concerning the Issuer, the Issuer and its subsidiaries consolidated on a full integration basis (*filiales consolidées par intégration globale*) taken as a whole (the Group or the Renault Group) and the base terms and conditions of the Notes to be issued under the Programme, which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer. In relation to each Tranche (as defined herein) of Notes, the Base Prospectus must be read in conjunction with the applicable Final Terms.

This Base Prospectus is to be read in conjunction with any document and/or information which is or may be incorporated herein by reference in accordance with Article 19 of the Prospectus Regulation (see "Documents Incorporated by Reference") and may only be used for the purpose for which it has been published.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus (see "Documents Incorporated by Reference") and has not been scrutinised or approved by the AMF.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the Securities Act) or with any securities regulatory authority of any State or other jurisdiction of the United States and may include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Materialised Notes in bearer form, delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (Regulation S) or, in the case of Materialised Notes in bearer form, the U.S. Internal Revenue Code of 1986, as amended (the U.S. Internal Revenue Code and the regulations thereunder)). For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "Subscription and Sale".

PRIIPs REGULATION / PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA) or in the United Kingdom (the UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU on markets in financial instruments (as amended, MiFID II); (ii) a customer within the meaning of Directive (EU) 2016/97 on insurance distribution (as amended or superseded, the IDD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018 and which channels for distribution of the Notes are appropriate, determined by the manufacturer(s). Any person subsequently offering, selling or recommending the Notes (a distributor as defined in MiFID II)

should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under EU Delegated Directive 2017/593 (the MiFID II Product Governance Rules), any Dealer subscribing for any Notes is a manufacturer, as defined in MiFID II, in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

For the avoidance of doubt, the Issuer is not an investment firm as defined by MiFID II and will not be a manufacturer in respect of any Notes issued under the Programme.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In this Base Prospectus, any discrepancies in any table between totals and the sums of the amounts listed in such table are due to rounding.

Each Series may be issued in tranches (each a **Tranche**) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant final terms in relation to such Tranche (the **Final Terms**).

Maturities: Subject to compliance with all relevant laws, regulations and directives, any maturity as agreed between the Issuer and the relevant Dealer(s).

Unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 (the **FSMA**) will have a minimum denomination of £100,000 (or its equivalent in other currencies).

Dematerialised Notes will be issued in one denomination only.

Status of the Notes: The Notes will constitute direct, general, unconditional, unsecured (subject to the provisions of Condition 4) and unsubordinated obligations of the Issuer and will rank at all times *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

Negative Pledge: There will be a negative pledge in respect of the Notes, as set out in Condition 4 - see "Terms and Conditions of the Notes – Negative Pledge".

Events of Default:	There will be events of default in respect of the Notes (including a cross-default) as set out in Condition 9 – see “Terms and Conditions of the Notes – Events of Default”.

Unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA will have a minimum redemption amount of £100,000 (or its equivalent in other currencies).
Optional Redemption (including Make-Whole Redemption):	<p>The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders and, if so, the terms applicable to such redemption.</p> <p>In particular, if specified in the relevant Final Terms, the Issuer will have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date, at the Make-Whole Redemption Amount.</p> <p>See Condition 6 “Terms and Conditions of the Notes – Redemption, Purchase and Options”.</p>
Clean-Up Call Option:	If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 80% of the initial aggregate principal amount of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) has been purchased or redeemed by the Issuer, the Issuer may have the option to redeem all, but not some only, of the remaining Notes in that Series at their principal amount together with any interest accrued to the date fixed for redemption.
Residual Maturity Call Option:	If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, at any time or from time to time, as from the Call Option Date (as specified in the relevant Final Terms) which shall be no earlier than ninety (90) calendar days before the Maturity Date, until the Maturity Date, redeem all (but not some only) of the Notes then outstanding, at their principal amount together with any interest accrued to the date fixed for redemption.

Early Redemption: Except as provided in “Redemption at the option of the Issuer”, “Optional Redemption (including Make-Whole Redemption)”, “Clean-Up Call Option” and “Residual Maturity Call Option” above, Notes will be redeemable at the option of the Issuer prior to their stated maturity for tax reasons, as set out in Condition 6(f) - see “Terms and Conditions of the Notes – Redemption for Taxation reasons”.

Taxation: All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that payments of principal, interest or other revenues in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will (subject to certain limited exceptions), to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required.

Interest Periods and Interest Rates: The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. For the avoidance of doubt, the Minimum Rate of Interest shall be deemed to be zero, unless a higher rate is stated in the applicable Final Terms.

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will be payable in arrear and will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by the 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the FBF Technical Schedules, each as published by the *Fédération Bancaire Française*; or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series; or

- (iii) by reference to EURIBOR, LIBOR or CMS Rate or any successor rate or any alternative rate, in each case as adjusted for any applicable margin in accordance with the Final Terms.

Interest periods will be specified in the relevant Final Terms.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both, provided that in no event will the relevant interest amount be less than zero.

Benchmark Discontinuation:

In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and the application of an adjustment spread). See Condition 5(c)(iii)(D) “Terms and Conditions of the Notes – Benchmark discontinuation”.

Fixed/Floating Rate Notes:

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Redenomination:

Notes issued in the currency of any Member State of the EU which will participate in the single currency of the EU may be redenominated into Euro, all as more fully provided in “Terms and Conditions of the Notes – Form, Denomination(s), Title Redenomination and Currency” below.

Consolidation:

Notes of one Series may be consolidated with Notes of another Series as more fully provided in Condition 14(b) - see “Terms and Conditions of the Notes – Consolidation”.

Form of Notes:

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**).

Dematerialised Notes may, at the option of the Issuer, be issued in bearer dematerialised form (*au porteur*) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder, in either fully registered form (*au nominatif pur*) or administered registered form (*au nominatif administré*). No physical documents of title will be issued in respect of Dematerialised Notes. See Condition 1 “Terms and Conditions of the Notes – Form, Denomination(s), Title Redenomination and Currency”.

Issue Price:

Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

Application may be made for Notes to be issued under the Programme, for a period of twelve (12) months from the date of the approval by the AMF on this Base Prospectus, to be admitted to trading on Euronext Paris. The Notes may also be admitted to trading on any other Regulated Market in accordance with the Prospectus Regulation or listed on any other stock exchange or market. As specified in the relevant Final Terms, a Series of Notes may be or may not be admitted to trading and may be unlisted.

No non-exempt offer:

The Notes shall not be offered through a non-exempt offer in France and/or in any Member State of the EEA and/or in the UK.

Selling Restrictions:

There are restrictions on the offer and sale of Notes and the distribution of offering material in various jurisdictions including the EEA, France, the UK, the United States, Japan, Hong Kong, the People's Republic of China, Singapore and Switzerland. Rating:

The Programme has been rated BB+ by S&P Global Ratings Europe Limited (**S&P**) and Ba2 by Moody's Investors Service Ltd (**Moody's**). The long term debt of the Issuer is rated BB+ with a negative outlook by S&P, Ba2 with a negative outlook by Moody's and BB+ with a negative outlook by Fitch Ratings Limited (**Fitch**).

Notes issued under the Programme may, or may not, be rated. The rating of Notes, if any, will be specified in the relevant Final Terms.

S&P is established in the European Union. Moody's and Fitch are established in the UK. Each of S&P, Moody's and Fitch is registered under Regulation (EC) No 1060/2009, as amended (the **CRA Regulation**) and included in the list of registered credit rating agencies published by the ESMA on its website (www.esma.europa.eu/supervision/credit-rating-agencies/risk) in accordance with the CRA Regulation. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer or the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

Representation of Noteholders:

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the **Masse**).

The Masse will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme.

Factors which the Issuer believes are specific to the Issuer and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal inherent risks in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

In each sub-category below the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Words and expressions defined under “Terms and Conditions of the Notes” shall have the same meanings in this section.

I. RISKS FACTORS RELATING TO THE ISSUER

The risk factors relating to the Issuer and its activity are set out on pages 13 to 32 of the Amendment to the 2019 Universal Registration Document, as defined and further described under “Documents Incorporated by Reference” in this Base Prospectus.

II. RISKS FACTORS RELATING TO THE NOTES

1. Risks related to the market of the Notes

Market Value of the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market as it shall be specified in the relevant Final Terms. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, market interest and yield rates and the time remaining to the maturity date. As of the date of this Base Prospectus, the long term debt of the Issuer is rated BB+ with a negative outlook by S&P, Ba2 with a negative outlook by Moody’s and BB+ with a negative outlook by Fitch Ratings Limited. However, if the creditworthiness of the Issuer deteriorates, this could have a significant adverse impact on the Noteholders and as a result the Issuer may not be able to fulfil all or part of its payment obligations under the Notes and the value of the Notes may decrease.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and including also factors affecting capital markets generally and Euronext Paris and/or any other Regulated Market or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder.

Accordingly, this could have a significant adverse impact on the Noteholders, and all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although particular series of Notes may specify that they are expected to be admitted to trading on Euronext Paris and/or any other Regulated Market in the EEA or in the UK, there is no assurance that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes. As a consequence, Noteholders may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as a result, Noteholders could lose all or part of their investment in the Notes.

Currency Risk

The Programme allows for Notes to be issued in a range of currencies. Condition 1 provides that subject to compliance with all relevant laws, regulations and directives, Notes may be issued in Euro, U.S. Dollars, Japanese yen, Swiss francs, Sterling, Renminbi, Australian Dollars, Singaporean Dollars, Russian Roubles and in any other currency agreed between the Issuer and the relevant Dealers, as such currency shall be specified in the relevant Final Terms.

An investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro-economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

As a result, if this risk ever materialises, Noteholders may receive less interest or principal than expected. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

2. Risks related to the structure of a particular issue of Notes

2.1 Early Redemption Risks

Notes subject to optional redemption by the Issuer

Condition 6 provides for early redemption features at the option of the Issuer. Any optional feature where the Issuer is given the right to redeem the Notes early may have a significant negative effect on the market value of such Notes.

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes or Coupons due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by, or on behalf of, France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with Condition 6(f).

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specifies that the Notes are redeemable at the Issuer's option in certain other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

In addition, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

In particular, with respect to the Clean-up Call Option by the Issuer provided in Condition 6(g), there is no obligation under such Condition 6(g) nor under any of the Conditions for the Issuer to inform Noteholders if and when the threshold of eighty per cent. (80%) of the initial aggregate principal amount of a particular Series of Notes has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

In addition, the Make-Whole Redemption by the Issuer provided in Condition 6(c) and the Redemption at the Option of the Issuer provided in Condition 6(b) are exercisable in whole or in part. If the Issuer decides to redeem the Notes in part, such partial redemption shall be effected by reducing the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed. Depending on the proportion of the principal amount of all of the Notes so reduced, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

If a Residual Maturity Call Option is specified in the relevant Final Terms and if the Issuer decides to redeem the Notes pursuant to the Make-Whole Redemption by the Issuer before the Call Option Date, the Optional Redemption Amount will be calculated taking into account the Call Option Date and not the Maturity Date

In accordance with Condition 6(h), if a Residual Maturity Call Option is specified in the relevant Final Terms and if the Issuer decides to redeem the Notes pursuant to the Make-Whole Redemption by the Issuer before the Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(c), the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer will be calculated taking into account the Call Option Date and not the Maturity Date. It means that the Optional Redemption Amount will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes discounted from the Call Option Date (and not the Maturity Date) to the relevant Optional Redemption Date on an annual basis at the Reference Rate (as specified in the relevant Final Terms) plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case, any interest accrued on the Notes to, but excluding, the Optional Redemption Date. It may result in a lower Optional Redemption Amount to be paid to the Noteholders.

Notes subject to optional redemption by the Noteholders

In accordance with Condition 6(d), the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Noteholders (the **Put Option**). Exercise of the Put Option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the number of Notes of the same Series in respect of which

the Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which shall in turn adversely impact those Noteholders.

2.2 Interest Rate Risks

Fixed Rate Notes

Condition 5(b) allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a Fixed Rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

In particular, a Noteholder, which pays interest at a Fixed Rate, is exposed to the risk that the market value of such Note could fall as a result of changes in the market interest rate. While the nominal interest rate of a fixed interest rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the **Market Interest Rate**) typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a fixed-rate Note typically increases, until the yield of the bond equals approximately the Market Interest Rate.

Movements of the Market Interest Rate can significantly affect the price of the Notes and can lead to losses for Noteholders if they sell Notes during the period in which the Market Interest Rate exceeds the Fixed Rate of the Notes.

Floating Rate Notes

Condition 5(c) allows for Floating Rate Notes to be issued. Investment in Notes which bear interest at a Floating Rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms of the Notes provide for frequent interest payment dates, Noteholders are exposed to the reinvestment risk if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

These reference rates are not pre-defined for the lifespan of the Notes. Higher reference rates mean a higher interest under the Notes and lower reference rates mean a lower interest under the Notes. The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may have a significant negative impact on the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

Risks related to the regulation and reform of “benchmarks”

In accordance with the provisions of Condition 5(c), the Rate of Interest in respect of the Floating Rate Notes may be determined by reference to Benchmarks that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011 (the **Benchmarks Regulation**) published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018.

Interest rates and indices which are deemed to be “benchmarks” (including EURIBOR, LIBOR, CMS Rate) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA or in the UK. Notwithstanding the provisions of Condition 5(c)(iii)(D) which seek to offset any adverse effects for the Noteholders, the Benchmarks Regulation could have a material impact on Notes linked to or referencing a “benchmark”, including in any of the following circumstances:

- an index which is a “benchmark” could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- if the methodology or other terms of the “benchmark” could be changed in order to comply with the requirements of the Benchmarks Regulation, and such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the “benchmark” and as a consequence, Noteholders could lose part of their investment.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements.

Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes (please refer to the risk factor entitled “*The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any such Notes linked to or referencing such “benchmarks”* below). Depending on the manner in which a benchmark is to be determined under Condition 5(c)(iii), this may (i) if ISDA Determination or FBF Determination applies, be relying upon the provision by reference banks of offered quotations for the relevant benchmark which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was

available. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a "benchmark".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021.

The occurrence of a Benchmark Event could have a material adverse effect on the value of and return on any Notes linked to or referencing such "benchmarks"

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, Condition 5(c)(iii)(D) provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as LIBOR or EURIBOR) or other relevant reference rate, and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(c)(iii)(D)), with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where no Successor Rate or Alternative Rate (as applicable) is determined, other fallbacks rules may be used, which consist in the rate of interest for such Interest Period to be based on the rate which applied for the immediately preceding Interest Period, as set out in the risk factor above entitled "*Risks related to the regulation and reform of "benchmarks"*".

In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Notes linked to or referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes linked to or referencing a "benchmark". The Independent Adviser will have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favourable to each Noteholder.

Future discontinuance of LIBOR and other benchmarks may adversely affect the value of Floating Rate Notes

On 27 July 2017, the Chief Executive of the United Kingdom Financial Conduct Authority, which regulates LIBOR, announced that it does not intend to continue to persuade, or use its powers to compel, panel banks to submit rates for the calculation of LIBOR to the administrator of LIBOR after

2021. The announcement indicates that the continuation of LIBOR on the current basis is not guaranteed after 2021. It is not possible to predict whether, and to what extent, panel banks will continue to provide LIBOR submissions to the administrator of LIBOR in future. This may cause LIBOR to perform differently than it did in the past and may have other consequences which cannot be predicted.

If LIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR will be determined for the relevant period by the fall-back provisions applicable to such Notes. Depending on the manner in which the LIBOR rate is to be determined under Condition 5(c)(iii), this may (i) if ISDA Determination applies, be reliant upon the provision by reference banks of offered quotations for the LIBOR rate which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR.

Fixed/Floating Rate Notes

Condition 5(d) allows for Fixed/Floating Rate Notes to be issued. Fixed/Floating Rate Notes may bear interest at a rate that (i) will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms, or that (ii) the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If a Floating Rate is converted to a Fixed Rate, the Fixed Rate may be lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Zero Coupon Notes

Condition 5(e) allows for Zero Coupon Notes to be issued. The prices at which Zero Coupon Notes, as well as other Notes issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do the prices for conventional interest-bearing securities of comparable maturities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Therefore, in similar market conditions, the holders of Zero Coupon Notes, as well as other securities issued at a substantial discount or premium from their principal amount, could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have an adverse effect on the market value of the Notes.

2.3 Risks linked to Notes denominated in Renminbi (RMB Notes)

RMB is not completely freely convertible and there are still significant restrictions on the remittance of RMB into and outside of the PRC

In accordance with Condition 5(k) and if RMB is specified as Specified Currency in the relevant Final Terms, RMB Notes may be issued. RMB is not completely freely convertible at present. The PRC government continues to regulate conversion between RMB and foreign currencies.

Although from 1 October 2016, the RMB has been added to the Special Drawing Rights basket created by the International Monetary Fund and policies further improving accessibility to RMB to settle

cross-border transactions in foreign currencies were implemented by the People's Bank of China (the **PBOC**) in 2018, there is no assurance that the PRC government will liberalise control over cross-border remittance of RMB in the future or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in RMB, this may affect the overall availability of RMB outside the PRC and the ability of the Issuer to source RMB to finance its obligations under RMB Notes, and therefore, the liquidity of the Notes denominated in RMB may be adversely affected.

There is only limited availability of RMB outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source RMB outside the PRC to service such RMB Notes

As a result of the restrictions imposed by the PRC government on cross border RMB fund flows, the availability of RMB outside the PRC is limited. While the PBOC has entered into agreements on the clearing of RMB business (the **Settlement Agreements**) with financial institutions in a number of financial centres and cities (the **RMB Clearing Banks**), including but not limited to Hong Kong, and are in the process of establishing RMB clearing and settlement mechanisms in several other jurisdictions, the current size of RMB denominated financial assets outside the PRC is limited.

The relevant RMB Clearing Bank only has access to onshore liquidity support from the PBOC.

The offshore RMB market is subject to many constraints as a result of PRC laws and regulations on foreign exchange and may adversely affect the liquidity of Notes denominated in RMB. There is no assurance that no new PRC regulations will be promulgated or the Settlement Agreements will not be terminated or amended so as to have the effect of restricting availability of RMB offshore. The limited availability of RMB outside the PRC may affect the liquidity of the Notes denominated in RMB and, as a consequence, have an adverse effect on the value of such RMB Notes.

Payments in respect of the RMB Notes will only be made to Noteholders in the manner specified in the RMB Notes.

If RMB is specified as Specified Currency in the relevant Final Terms, all payments of RMB under Notes denominated in RMB to a Noteholder will be made solely by transfer to a RMB bank account maintained in Hong Kong by such investor in accordance with the prevailing rules and regulations, except in the circumstances provided for by Condition 7(i). Other than as described in such Condition, the Issuer cannot be required to make payment by any other means.

In addition, there can be no assurance that access to RMB for the purposes of making payments under such Notes may remain or will not become restricted. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong, or the general RMB exchange market in Hong Kong becomes illiquid, any payment of RMB under the Notes may be delayed or the Issuer may make such payments in US Dollars or, as the case may be, in Euro using an exchange rate determined by the Calculation Agent. Accordingly, Noteholders may receive less interest or principal than expected and this may result in a loss of part of their investment when converting such currency back into RMB, depending on the prevailing exchange rate at that time.

2.4 Risks linked to Notes denominated in Russian Roubles

There are risks associated with the new debt instruments that are both denominated and settled in Roubles and the inexperience of both the Clearing Systems and the Russian and international banking systems in dealing with them.

Condition 1 provides that the Notes may be denominated and settled in Russian Roubles, provided that Russian Roubles is specified as Specified Currency in the relevant Final Terms. Offerings of debt instruments that are both denominated and settled in Russian Roubles are a relatively new development

in the international capital markets. This, coupled with the relative inexperience of Euroclear France, Euroclear and Clearstream (the **Clearing Systems**) and the Russian and international banking systems in dealing with Russian Roubles payments, could lead to unforeseen difficulties, which may have an adverse effect on the liquidity, marketability or trading price of the Notes.

In particular debt instruments that are both denominated and settled in Russian Roubles only became accepted by the Clearing Systems in early 2007. Due to the lack of experience of the Clearing Systems with settling, clearing and trading debt instruments that are both denominated and settled in Russian Roubles, there can be no guarantee that such clearing, settlement and trading procedures will progress smoothly or in a way which is comparable to procedures carried out in more conventionally settled currencies, such as U.S. Dollars or Euros.

Russian law previously prohibited or otherwise severely restricted the transfer and holding of Russian Roubles offshore and their repatriation onshore. Although these restrictions have now been lifted for non-residents (save for some restrictions which apply to the regime of residents' accounts held outside of the Russian Federation), there is still no specific tested framework under Russian law for transferring or holding Russian Roubles in offshore Russian Rouble accounts. As with much recent Russian legislation, there is extremely limited or non-existent regulatory or court practice in interpreting these regulations. If restrictions or prohibitions were placed on the transfer and holding of Russian Roubles offshore or if such legislation was reinterpreted by the Russian regulators or courts to the effect that restrictions were still deemed to apply to the transfer and holding of Russian Roubles offshore, this would severely hinder holders' ability to receive payments of principal or interest under the Notes or proceeds from the sale of the Notes.

Payments of principal and interest under the Notes and proceeds from the sale of the Notes will be made in Russian Roubles. All payments of Russian Roubles to, from, or between Russian Roubles accounts located outside the Russian Federation will be made via onshore correspondent accounts within the Russian banking system. The Russian banking system is less developed than many of its Western counterparts and at present has little experience in dealing with payments relating to Eurobonds or similar international debt instruments. Consequently, there is a risk that payments of both principal and interest under the relevant Notes and proceeds from the sale of such Notes, which need to pass through the Russian banking system, will be subject to delays and disruptions which may not exist in more mature banking markets.

In order for Noteholders to remove Russian Roubles received from payments of principal and interest on the Notes and proceeds from the sale of the Notes from the Clearing Systems, they will need to hold a bank account denominated in Russian Roubles. The administrative difficulties associated with opening Russian Roubles accounts outside the Russian Federation are significant. Noteholders that are not resident in the Russian Federation may also encounter considerable procedural difficulties with opening Russian Roubles accounts onshore in the Russian Federation. There can therefore be no guarantee that Noteholders will be able to successfully open a Russian Roubles bank account either offshore or in the Russian Federation or transfer Russian Roubles payments made under the Notes out of the Clearing Systems.

As result, Noteholders may receive a lower income in their investments in the Notes or lose part of their investment.

3. Risks related to legal issues regarding the Notes

French Insolvency Law

As a *société anonyme* incorporated in France, French insolvency law applies to the Issuer. Except as otherwise provided by the relevant Final Terms, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 11. However, under French insolvency law, holders of debt securities are automatically

grouped into a single assembly of holders (the **Assembly**) in order to defend their common interests in case of the opening in France of an accelerated financial safeguard (*procédure de sauvegarde financière accélérée*), an accelerated safeguard (*procédure de sauvegarde accélérée*), a safeguard (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as the Programme) and regardless of the governing law applicable to such issuance.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or writing-off receivables in the form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares or securities that give or may give access to the share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in Condition 11 will not be applicable to the extent that they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The procedures, as described above or as they will or may be amended, could have an adverse impact on holders of the Notes seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

It should be noted that Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt and amending Directive (EU) 2017/1132 dated 20 June 2019 (the **Restructuring Directive**) shall be transposed by the Member States before 17 July 2021. Depending on how it will be transposed into French law, it may modify French insolvency law described above and impact the situation of Noteholders in the event that the Issuer was to be subject to the relevant French insolvency proceedings.

More specifically the Restructuring Directive is expected to impact the process of adoption of restructuring plans under insolvency proceedings. Creditors (including the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that are sufficiently similar to justify considering the members of the class a homogenous group with commonality of interest. As a minimum, secured and unsecured claims shall be treated in separate classes for the purpose of adopting a restructuring plan. A restructuring plan shall be deemed to be adopted by affected parties, provided that a majority in the amount of their claims or interests is obtained in each and every class (the required majorities shall be laid down by Member States at not higher than 75% in the amount of claims or interests in each class). If the restructuring plan is not approved by each and every class of affected parties, the plan may however be confirmed by a judicial or administrative authority by applying a cross-class cram-down. Therefore, when the Restructuring

Directive is transposed into French law, it is expected that holders of notes (including the Noteholders) will no longer deliberate on the proposed restructuring plan in a separate assembly and accordingly they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, holders of notes (including the Noteholders) will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. Any decisions taken by the Assembly or a class of creditor, as the case may be, could substantially impact the Noteholders and even cause them to lose all or part of their investment, should they not be able to recover amounts due to them from the Issuer.

Modification, waivers and substitution of the Terms and Conditions of the Notes

Condition 11 provides that the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a Masse, as defined in Condition 11, and a General Meeting can be held or Written Decision (each as defined in Condition 11 hereafter) can be taken (together, the **Collective Decisions**). Condition 11 permits in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting or did not consent to the Written Decision or Noteholders who voted in a manner contrary to the majority. Noteholders may through Collective Decisions deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 11. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes.

TERMS AND CONDITIONS OF THE NOTES

*The following is the text of the terms and conditions that, subject to completion with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so amended or supplemented (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to **Notes** are to the Notes of one Series only, not to all Notes that may be issued under the Programme.*

The Notes are issued by Renault S.A. (the **Issuer** or **Renault**) with the benefit of an amended and restated agency agreement dated 18 June 2020 between the Issuer and BNP Paribas Securities Services as fiscal agent (the **Agency Agreement**). The fiscal agent, the paying agent, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the **Fiscal Agent**, the **Paying Agents** (which expression shall include the Fiscal Agent), the **Redenomination Agent**, the **Consolidation Agent** and the **Calculation Agent(s)**. References below to **Conditions** are, unless the context requires otherwise, to the numbered paragraphs below.

Certain defined terms contained in the 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the Technical Schedules published by the *Fédération Bancaire Française* (**FBF**) (together the **FBF Master Agreement**) have either been used or reproduced in Condition 5 below.

Copies of the Agency Agreement and of the FBF Master Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

For the purpose of these Terms and Conditions, **Regulated Market** means any regulated market situated in a Member State of the European Economic Area (**EEA**) or in the United Kingdom (the **UK**) as defined in the Markets in Financial Instrument Directive 2014/65/EU, as amended.

1. Form, Denomination(s), Title, Redenomination and Currency

(a) **Form:** Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**).

(i) Title to Dematerialised Notes will be evidenced in accordance with Article L. 211-3 and R. 211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder either in administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

Unless this possibility is expressly excluded in the relevant Final Terms and to the extent permitted by applicable law, the Issuer may at any time request from the central depository

identification information of the Noteholders such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address of holders of Dematerialised Notes in bearer form (*au porteur*).

For the purpose of these Conditions, **Account Holder** means any intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank SA/NV (**Euroclear**) and the depositary bank for Clearstream Banking S.A. (**Clearstream**).

- (ii) Materialised Notes are issued in bearer form (**Materialised Bearer Notes**). Materialised Bearer Notes are serially numbered and are issued with coupons (each, a **Coupon**) and, where appropriate, a talon (a **Talon**) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Article L. 211-3 and R. 211-1 of the French Code monétaire et financier, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Materialised Notes and Dematerialised Notes may also be cleared through one or more clearing system(s) other than or in addition to Euroclear France, Euroclear and/or Clearstream, as may be specified in the relevant Final Terms.

- (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the **Specified Denomination(s)**) save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a Base Prospectus under the Prospectus Regulation will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency). Dematerialised Notes shall be issued in one Specified Denomination only.

Unless permitted by the then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the UK or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

- (c) **Title**:
 - (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
 - (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue (**Definitive Materialised Bearer Notes**), shall pass by delivery.
 - (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of

ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

- (iv) In these Conditions, **holder of Notes** or **holder of any Note**, or **Noteholder** means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes; (ii) in the case of Definitive Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Coupons (**Couponholder** being construed accordingly), or Talon relating to it, and (iii) in the case of Materialised Notes in respect of which a Temporary Global Certificate has been issued and is outstanding, each person (other than a clearing institution) who appears as a holder of such Notes or of a particular nominal amount of interests in such Notes, in accordance with the applicable laws and regulations and with the applicable rules and procedures of any relevant clearing institution including, without limitation, Euroclear France, Euroclear or Clearstream, as appropriate.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Coupon or Talon, by giving at least thirty (30) calendar days' notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the **EC**), as amended from time to time (the **Treaty**)), or events have occurred which have substantially the same effects (in either case, **EMU**), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the **Redenomination Date**.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Coupon or Talon, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such

changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 15 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

(e) **Currency**

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in Euro, U.S. Dollars, Japanese yen, Swiss francs, Sterling, Renminbi, Australian Dollars, Singaporean Dollars, Russian Roubles and in any other currency agreed between the Issuer and the relevant Dealers, as such currency shall be specified in the relevant Final Terms.

2. Conversion and Exchanges of Notes

(a) ***Dematerialised Notes***

- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).

Any such conversion shall be effected at the cost of such Noteholder.

(b) ***Materialised Notes***

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

3. Status

The Notes and, where applicable, any relative Coupons are direct, general, unconditional, unsecured (subject to the provisions of Condition 4) and unsubordinated obligations of the Issuer and rank and will rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

4. Negative Pledge

So long as any of the Notes or, if applicable, any Coupons relating to them, remains outstanding, the Issuer will not create or permit to subsist any mortgage, charge, pledge, lien or other security interest upon the whole or any part of its assets, present or future, to secure any present or future Indebtedness (as defined below) incurred or guaranteed by it (whether before or after the issue of the Notes) unless the Issuer's obligations under the Notes and Coupons are equally and rateably secured therewith.

For the purposes of this Condition, **Indebtedness** means any indebtedness for borrowed money, represented by bonds, notes, debentures or other assimilated debt securities which are for the time being, or are capable of being, quoted, admitted to trading or ordinarily traded in on any stock exchange, over-the-counter-market or other securities market.

For the purposes of this sub-paragraph (B), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark discontinuation*) below, the Rate of Interest shall be:
 - (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two (2) Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark discontinuation*) below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two (2) Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the **Principal Financial Centre**) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

- (d) *CMS Rate Notes*: Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark discontinuation*) below, be determined by the Calculation Agent by reference to the following formula:

CMS Rate + Margin

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Relevant Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

(D) **Benchmark discontinuation**

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c).

I. Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(II)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(D)(III)) and any Benchmark Amendments (in accordance with Condition 5(c)(iii)(D)(IV)).

An Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith as an expert and (in the absence of bad faith, manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iii)(D).

II. Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (1) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(IV)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)); or
- (2) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(IV)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)).

III. Adjustment Spread

If the Independent Adviser, determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

IV. Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(D) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(D)(V), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(c)(iii)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

V. Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 15, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment

Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(D). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

VI. Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provisions relating to the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined on the preceding Interest Determination Date, will continue to apply to such determination (though substituting, where a different Margin, Rate Multiplier or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(D), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(D) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(c)(iii)(C), will continue to apply). This may result in the Rate of Interest for the last preceding Interest Period being the Rate of Interest for the Interest Period in question.

VII. Definitions

In this Condition 5(c)(iii)(D):

Adjustment Spread means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the

Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or

- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;
- f) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- g) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable); or

- (e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)).
- (f) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

- (g) **Margin, Maximum/Minimum Rates of Interest and Redemption Amounts, Rate Multipliers and Rounding**
- (i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be. For the avoidance of doubt, the Minimum Rate of Interest shall be deemed to be zero, unless a higher rate is stated in the applicable Final Terms.
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes **unit** means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts and Early Redemption Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, or Early Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, or Early Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining

of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (j) **Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.
- (k) **RMB Notes:** Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth (4th) Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the outstanding nominal amount of such Note, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6. Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, including any Issuer's option in accordance with Conditions 6(b), 6(c), 6(g) or 6(h) or any Noteholders' option in accordance with Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).
- (b) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem all, or, if so provided in the relevant Final Terms, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any Arrears of Interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of Dematerialised Notes, the redemption shall be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed.

So long as the Notes are admitted to trading on Euronext Paris and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published in accordance with Article 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* (the **AMF**) and on the website of any other competent authority and/or Regulated Market of the EEA Member State or of the UK where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (c) **Make-Whole Redemption by the Issuer:** If so specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem the Notes, in whole or in part, at any time or from time to time (but no later than the Call Option Date (as defined below) if applicable), prior to their Maturity Date (the **Optional Redemption Date**) at their Optional Redemption Amount. The Optional Redemption Amount will be calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted from the Maturity Date to the relevant Optional Redemption Date on an annual basis at the Reference Rate (as specified in the relevant Final Terms) plus a Redemption Margin (as specified in

the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

If a Residual Maturity Call Option is specified in the relevant Final Terms and if the Issuer decides to redeem the Notes pursuant to the Make-Whole Redemption by the Issuer before the Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(c) above, the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer for the purpose of (y) above will be calculated taking into account the Call Option Date and not the Maturity Date.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption, in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of, Dematerialised Notes, the redemption shall be effected by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed, subject to compliance with any other applicable laws and Regulated Market or other stock exchange requirements.

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the AMF and on the website of any other competent authority and/or Regulated Market of the EEA Member State or of the UK where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the **Exercise Notice**) in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with all Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (e) **Early Redemption:**

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(f) or upon it becoming due and

payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.

- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest).

(f) **Redemption for Taxation Reasons:**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding or deduction for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes or Coupons be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) below, then the Issuer shall

forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or Coupons, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or Coupons and (ii) fourteen (14) calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable or Coupons or, if that date is passed, as soon as practicable thereafter.

- (g) **Clean-up Call Option by the Issuer:** If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 80% of the initial aggregate principal amount of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) has been purchased or redeemed by the Issuer, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem all, but not some only, of the remaining Notes in that Series at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).
- (h) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), at any time or from time to time, as from the Call Option Date (as specified in the relevant Final Terms) which shall be no earlier than ninety (90) calendar days before the Maturity Date, until the Maturity Date, redeem all (but not some only) of the Notes then outstanding, at par together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any arrears of interest).

All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.

- (i) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, subject to the applicable laws and/or regulations. All Notes so purchased by the Issuer may be held and resold for the purpose of enhancing the liquidity of the Notes in accordance with applicable laws and regulations.
- (j) **Cancellation:** So long as French law so requires, all Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering to the Fiscal Agent the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all Coupons and all unexchanged Talons and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (k) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).

7. Payments and Talons

- (a) **Dematerialised Notes:** Payments other than in Renminbi of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments. Payments of principal and interest in Renminbi in respect of Dematerialised Notes will be made by a transfer to a Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.
- Bank** means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in US Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the

Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities, (v) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in US Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) **Unmatured Coupons and unexchanged Talons:**

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if

appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as **Financial Centres** in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.
- (i) **Payment of US Dollar Equivalent or Euro Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer upon giving not less than five (5) nor more than thirty (30) calendar days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US Dollar or (if so specified in the relevant Final Terms) in Euro on the due date at the US Dollar Equivalent (or the Euro Equivalent as the case may be) of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent (or Euro Equivalent as the case may be) of the relevant principal or interest in respect of the Notes shall be made by transfer to the US Dollar (or Euro) account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent (or Euro Equivalent as the case may be) shall by itself constitute a default in payment within the meaning of Condition 9.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders and (in the absence of manifest error) no liability to the Issuer, the Agent and all Noteholders shall attach to the RMB Rate Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

For the purposes of this Condition 7:

Euro Equivalent means the relevant Renminbi amount converted into Euro using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

Illiquidity means that the general Renminbi exchange market in Hong Kong becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers.

Inconvertibility means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

Non-Transferability means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

Renminbi Dealer means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer.

RMB Rate Calculation Agent means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate and/or identified as such in the relevant Final Terms.

RMB Rate Calculation Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong and (i) in New York City (in the case of payment of the US Dollar Equivalent) or (ii) in Paris (in the case of payment of the Euro Equivalent).

RMB Rate Calculation Date means the day which is two (2) RMB Rate Calculation Business Days before the due date for payment of the relevant Renminbi amount under the Conditions.

RMB Spot Rate for a RMB Rate Calculation Date means the spot CNY/US dollar exchange rate for the purchase of US Dollar with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, or as the case may be, the spot CNY/EUR exchange rate for the purchase of Euro with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11 a.m. (Hong Kong time) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page CNHFIX=. If such rate is not available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available CNY/US Dollar or as the case may be CNY/EUR official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. If no CNY/EUR official fixing rate is available on the Reuters Screen Page CNY=SAEC on the RMB Rate Calculation Date, the RMB Rate Calculation Agent will determine the RMB Spot Rate as soon as possible using the latest available CNY/US Dollar fixing rate and then the latest US Dollar/EUR official fixing rate available on a Reuters Screen Page selected by the RMB Rate Calculation Agent. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

US Dollar Equivalent means the relevant Renminbi amount converted into US Dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

8. Taxation

- (a) **Withholding Tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.
- (b) **Additional Amounts:** If French law should require that payments of principal, interest or other revenues in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or Couponholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with France other than the mere holding of such Note or Coupon; or
- (ii) **Presentation more than thirty (30) calendar days after the Relevant Date in the case of Materialised Notes:** more than thirty (30) calendar days after the Relevant Date except to the extent that the Noteholder or Couponholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, **Relevant Date** in respect of any Note or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to "becomes due" shall be interpreted in accordance with the provisions of Condition 7(f) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven (7) calendar days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) **principal** shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) **interest** shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition.

9. Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, may, upon written notice to the Fiscal Agent given before all defaults shall have been cured, cause all the Notes (but not some only) held by such Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an **Event of Default**) shall occur:

- (i) the Issuer defaults in making the payment of any principal or interest (including the payment of any additional amounts in accordance with Condition 8) due in respect of the Notes or any of them and such default continues for a period of seven (7) calendar days in the case of principal and fourteen (14) calendar days in the case of interest; or
- (ii) the Issuer fails to perform or observe any of its other obligations under these Terms and Conditions and (except where such failure is incapable of remedy when no such notice or continuation as is hereinafter mentioned will be required) such failure continues for the period of thirty (30) calendar days next following the service by the Representative on the Issuer of notice requiring the same to be remedied at the request of any Noteholder; or
- (iii) any Relevant Indebtedness (as defined below) of the Issuer becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make any payment in respect thereof on the due date for such payment as extended by any applicable grace period as originally provided or the security for any such Relevant Indebtedness becomes enforceable unless, in each case, the Issuer is contesting in good faith in a court of competent jurisdiction that such Relevant Indebtedness is due or that such security is enforceable.

Relevant Indebtedness means Indebtedness (as defined in Condition 4) which (either alone or when aggregated with the principal amounts of any other such Indebtedness in respect of which any of the events described above have occurred) amounts to €75,000,000 in aggregate principal amount; or

- (iv) the Issuer shall cease or threaten to cease to carry on the whole or the major part of its business either through the Issuer or any of its consolidated subsidiaries, or the Issuer shall cease generally to pay, or shall be unable to, or shall admit inability to, service its debt as it falls due, or shall be adjudicated or found bankrupt or insolvent; or
- (v) if a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of its business (*cession totale de l'entreprise*), or in the absence of legal proceedings, if the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed for its winding-up or dissolution except in connection with a merger or other reorganisation, consolidation or amalgamation pursuant to which the surviving entity assumes all of the obligations of the Issuer with respect to the Notes.

(b) Representative

The names and addresses of the initial Representative of the Masse and its alternate (if any) will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative (if any) at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) Powers of Representative

The Representative shall (in the absence of Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Nanterre to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Subject to the following sentence a Consultation in Writing may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L.228-46-1 and R.225-97 of the French *Code de commerce* approval of a Consultation in Writing may also be given by way of electronic communication allowing the identification of Noteholders (**Electronic Consent**).

Notices seeking the approval of a Consultation in Writing will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Consultation in Writing. Noteholders expressing their approval or rejection before the Consultation in Writing Date will undertake not to dispose of their Notes until after the Consultation Date.

3. 30 January 2020 - Renault-Nissan-Mitsubishi further strengthens the use of resources and investments

Renault-Nissan-Mitsubishi today outlined a new framework to further reinforce its business model and strengthen its management structure. All three companies reiterated that the Alliance is essential for strategic growth and enhance competitiveness for each company. The new framework, ratified at a meeting of the

Alliance Operating Board (AOB) in Yokohama, Japan, will enhance the ability of the Alliance member companies to capitalize on the individual company's strengths and complement their strategies. The AOB also reaffirmed key programs outlined at the previous board meeting in November to support initiatives that will enable each member company to increase competitiveness and profitability amid the industry shift to new mobility services.

New framework to leverage member company strengths

We are reinforcing the collaboration models to fully leverage the strengths within each company to enhance our leadership across **regions, products and new technologies**.

As of today, the AOB has decided:

1. On **regions**, each of the three companies will be the reference company for a dedicated region: Nissan for China, Renault for Europe, Mitsubishi for South East Asia.
2. The **engineering** will work on a leader/follower model, expanding this scheme to platforms, powertrains and key technologies. Thus, one company will take the lead in the Alliance for the development of each key technology, which will then be spread among Alliance partners.
3. The AOB also decided to **pool the three companies CAFE credit** in Europe as early as 2020.
4. On **LCV**, Renault will develop and manufacture, in Sandouville plant, the Mitsubishi van based on Renault Traffic platform to be sold in the Oceania region.
5. **Strategic Midterm plans** of the three companies will be disclosed simultaneously around May 2020, integrating the major consequences of the Alliance Operating Board decisions.

This new scheme will enhance the effectiveness and efficiency of Alliance projects, to further strengthen use of resources and investments within the three companies.

Evolution of Alliance governance to ensure execution

The AOB, which consists one chairperson and the chairperson or chief executive officer of each member company, also agree to engage actively with the respective Board of Directors of Renault, Nissan and Mitsubishi Motors to strengthen its governance to operate effectively for the benefit of each member company. Such initiatives will maximize the collaboration within the Alliance, while preserving the identity and autonomy of each member company.

COMMERCIAL RESULTS: FIRST QUARTER HIGHLIGHTS

¹ The evolution of the Global Automotive market for all brands also called Total Industry Volume (TIV) indicates the annual variation in sales* volumes of passenger cars and light commercial vehicles** in the main countries including USA & Canada, provided by official authorities or statistical agencies in each country, and consolidated by Groupe Renault to constitute this world market (TIV).

*Sales: registrations or deliveries or invoices according to the data available in each consolidated country.

**Light commercial vehicles of less than 5.1 tons.

² In order to analyze the change in consolidated revenues at constant perimeter and exchange rates, Groupe Renault recalculates revenues for the current year by applying the average annual exchange rates of the previous year and excluding significant changes in perimeter that occurred during the year.

Against the backdrop of the Covid-19 pandemic in the first quarter of 2020, the Global Automotive market experienced a decline of -24.6% compared to the first quarter of 2019. In order to protect its employees, and in compliance with the measures taken by the various governments, Groupe Renault suspended its commercial and production activities in most countries during the month of March and saw its **global sales** drop by -25.9%, to 672,962 units in the first quarter of 2020, compared to the previous year.

In **Europe**, in a market down by -26.2%, Groupe Renault's sales fell by -36.0% to 321,756 units, with a sharp acceleration of this decline at the end of the quarter due to the shutdown of most of the Group's industrial and commercial activities.

The Dacia brand, selling mainly to retail customers on a sharply declining channel, particularly in France (-41.7%), was strongly impacted and recorded a decline of -44.5% in its registrations. The Renault brand, meanwhile, fell by -32.3%.

In the **electric vehicle segment in Europe**, the Renault brand sold 22,810 vehicles in the first quarter with a market share of 17.3% mainly thanks to New ZOE.

In **regions outside Europe**, Group sales were down -13.4% in the first quarter.

In this crisis context, the new models launched in the second half of 2019 are delivering good performances in some countries. In **Russia**, the Renault brand recorded an increase in sales of +9.2% thanks to the success of Arkana, in a market up by +1.8%. In **India**, Triber enabled the Group to increase its sales by +3.5% despite a market down by -22.8%. In **South Korea**, Group sales increased by +20.1% thanks to the success of XM3 launched in February 2020, in a market down by -6.8%.

FIRST QUARTER REVENUES BY OPERATING SECTOR

In the first quarter of 2020, **Group revenues** amounted to €10,125 million (-19.2%). At constant exchange rates and perimeter³, Group revenues would have decreased by -18.3%.

Automotive excluding AVTOVAZ revenues amounted to €8,591 million, down -21.3%.

This variation was mainly due to a decrease in volumes (-14.1 points).

Sales to partners had a negative impact of -6.1 points due to the sharp decline in the production of vehicles and components for Nissan, Daimler and Opel.

The negative -1.4 points currency effect was mainly due to the devaluation of the Argentinian Peso and Brazilian Real.

The price effect was positive by +2.8 points as a result of price increases to cover devaluations and product enrichment.

Mix effect and the others effect weighed respectively for -1.0 point and -1.5 points.

AVTOVAZ's contribution to Group revenues amounted to €701 million in the quarter, down -8.6% after taking into account a positive currency effect of €4 million.

Mobility Services are now presented in a specific business segment and posted revenues of €6 million in the first quarter of 2020.

Sales Financing (RCI Banque) revenues amounted to €827 million in the first quarter, down -2.0%

³ In order to analyze the change in consolidated revenues at constant perimeter and exchange rates, Groupe Renault recalculates revenues for the current year by applying the average annual exchange rates of the previous year and excluding significant changes in perimeter that occurred during the year.

compared to 2019, mainly due to a negative currency impact of -€9 million related to the Argentinian Peso and the Brazilian Real. The number of new financing contracts fell by -10.4% as a result of sales drop. Given the average duration of the financing contracts in the portfolio of more than three years and the good commercial performance in 2019, average performing assets have continued to increase (+6.1% compared to the first quarter of 2019) and reached €49.3 billion at the end of March 2020.

At March 31, 2020, total **inventories** (including the independent network) represented 660,000 units, compared to 656,000 at end March 2019.

25. 27 May 2020 - Alliance New Cooperation business model to Support Member-Company competitiveness and profitability

- Alliance partners to leverage leader-follower scheme to enhance efficiency and competitiveness in products and technologies
- Individual members to be reference for the regions where they have key strengths, acting as a gateway and support mechanism for partners' competitiveness
- Alliance continues to benchmark performance in products, technologies and markets against top industry standards

Groupe Renault, Nissan Motor Co., Ltd. and Mitsubishi Motors Corporation, the members of one of the world's leading automotive alliances, today announced several initiatives as part of a new cooperation business model to enhance the competitiveness and profitability of the three partner companies.

The member companies plan to build on existing Alliance benefits in areas such as joint purchasing by leveraging their respective leadership positions and geographic strengths to support their partners' business development.

"The Alliance is a unique strategic and operational partnership in the automotive world and gives us a strong edge in the ever-changing global automotive landscape," said Jean-Dominique Senard, Chairman of the Alliance Operating Board and Renault. "The new business model will enable the Alliance to bring out the most of each company's assets and performing capabilities, while building on their respective cultures and legacies. The three companies of the Alliance will cover all vehicle segments and technologies, across all geographies, for the benefit of every customer, while increasing their respective competitiveness, sustainable profitability and social and environmental responsibility."

The leaders of the three companies have endorsed the principles of the leader-follower scheme for vehicles, in which they will cooperate to:

- push the Alliance's standardization strategy further, from platforms to upper bodies;
- per product segment, focus on one mother vehicle (leader car) and sister vehicles engineered by the leading company, with the support of the followers' teams;
- ensure that leader and follower vehicles for each brand are produced using the most competitive setup, including grouping production where appropriate; and,
- continue to build on product sharing in light commercial vehicles, where the leader-follower model is already applied

The leader-follower scheme is expected to deliver model investment reductions of up to 40% for vehicles fully under the scheme. Those benefits are expected to come in addition to conventional synergies that are already delivered today.

The Alliance also endorsed the principle of naming different parts of the world as "reference regions," with each company focusing on its core regions with the aim to be among the most competitive and to serve as a reference for the others to enhance their competitiveness.

Under this part of the scheme, Nissan will be the reference for China, North America and Japan; Renault in Europe, Russia, South America and North Africa; and Mitsubishi Motors in ASEAN and Oceania.

With each company becoming a reference company in respective regions, the opportunities for sharing will increase to maximize fixed cost sharing, as well as leveraging each company's assets.

The companies' product portfolio updates will follow the leader-follower scheme, and leader and follower vehicles will be produced using the most competitive setup. For instance:

- The renewal of the C-SUV segment post-2025 will be led by Nissan, while the future renewal of the B-SUV segment in Europe will be led by Renault.
- In Latin America, the B-product platforms will be rationalized, evolving from four variants to only one for both Renault and Nissan products. This platform will be produced in two plants each producing for both Renault and Nissan.
- In Southeast Asia and Japan, Alliance members will pursue select opportunities under the same scheme, such as the kei car collaboration between Nissan and Mitsubishi Motors.

With all of the above taken together, close to 50% of Alliance models will be developed and produced under the leader-follower scheme by 2025.

In terms of technology efficiency, the Alliance members will continue their capitalization of existing assets to ensure that each member company continues to share the investment in platforms, powertrains and technologies. This sharing has proven its efficiency in powertrain and platform development and enabled the successful launch of the CMF-B platform for the Renault Clio and Nissan Juke, as well as the kei car platform for the Nissan Dayz and Mitsubishi eK Wagon. The CMF-C/D and CMF-EV platforms will follow soon.

The leader-follower scheme will be extended from platforms and powertrains to all key technologies, with leadership assigned as follows:

- Autonomous driving: Nissan
- Connected-car technologies: Renault to lead Android-based platform and Nissan in China
- E-body, the core system of the electric-electronic architecture: Renault
- e-PowerTrain (ePT): CMF-A/B ePT - Renault; CMF-EV ePT – Nissan
- PHEV for C/D segment: Mitsubishi

This new business model will enable members companies to bring out the most of their expertise and competitiveness to reinforce the Alliance as a whole in a radically changing global automotive environment.

28. **29 May 2020 - Groupe Renault presents its draft plan to reduce fixed costs by more than 2 billion Euros over three years**
 - **The objective of reducing fixed costs by more than 2 billion euros over 3 years aims to restore the Group's competitiveness and ensure its long term development within the framework of the Alliance.**
 - **The draft plan is based on the efficiency of operations within Groupe Renault: by simplifying processes, reducing the diversity of components within vehicles and adjusting industrial capacities.**
 - **The planned changes will be implemented in consultation with the social partners and local authorities within the framework of an ongoing dialogue.**

Boulogne-Billancourt, May 29, 2020 – As promised when it announced its annual results, Groupe Renault today presents its transformation plan, which aims to achieve savings of more than €2 billion over three years and to lay the foundations for a new competitiveness.

The difficulties encountered by the Group, the major crisis facing the automotive industry and the urgency of the ecological transition are all imperatives that are driving the company to accelerate its transformation.

The draft plan will strengthen the company's resilience by focusing on cash flow generation, while keeping the customer at the centre of its priorities. It is based on a more efficient approach to operational activities and rigorous management of resources.

Beyond this, the draft plan aims to lay the foundations for Groupe Renault's long term development. In France, the Group would be organized around strategic business areas with a promising future: electric vehicles, LCVs, the circular economy and high value added innovation.

These major regional centres of excellence based in France would be at the heart of the Group's recovery. In Flins and Guyancourt, the Group would reorganise its activities.

If Groupe Renault plans to make the necessary workforce adjustments to enable a return to profitable and sustainable growth, it is committed to ensuring that they are carried out through exemplary dialogue with social partners and local authorities.

This workforce adjustment project would be based on retraining measures, internal mobility and voluntary departures. It would be spread over three years and would concern nearly 4,600 posts in France, to which would be added the reduction of more than 10,000 other positions in the rest of the world.

"I have confidence in our assets, our values and in the management of the company to succeed with the envisaged transformation and to return our Group to its full value by deploying this plan. The planned changes are fundamental to ensure the sustainability of the company and its development over the long term. It is collectively and with the support of our Alliance partners that we will be able to achieve our objectives and make Groupe Renault a major player in the automotive industry in the years ahead. We are fully aware of our responsibility and the planned transformation can only be achieved with respect for all our Group's stakeholders and through exemplary social dialogue," said Jean Dominique Senard, Chairman of the Board of Directors of Renault.

"In a context of uncertainty and complexity, this project is vital to guarantee a solid and sustainable performance, with customer satisfaction as a priority. By capitalizing on our many assets such as the electric vehicle, by capitalizing on the resources and technologies of Groupe Renault and the Alliance, and by reducing the complexity of development and production of our vehicles, we want to generate economies of scale to

restore our overall profitability and ensure our development in France and internationally. This project will enable us to look to the future with confidence," added Clotilde Delbos, interim Chief Executive Officer of Renault.

The project includes the following main elements:

- **Improving efficiency and reducing engineering costs, by taking advantage of the strengthened assets of the Alliance, approximately €800 million:**
 - Streamlining vehicle design and development: reducing component diversity, increasing standardization, Leader - Follower programs within the Alliance.
 - Optimization of resources: concentration of the development of strategic technologies with high added value in the engineering sites of Ile-de-France; optimization of the use of R&D centres abroad and subcontracting; optimization of the means of validation through the increased use of digital.
- **Optimization of production saving approximately €650 million**
 - Acceleration of plant transformation through the generalization of Industry 4.0
 - Process improvement in new engineering projects: accelerating digitalization and "design to process".
 - Right sizing of industrial capacities:
 - Global production capacity revised from 4 million vehicles in 2019 to 3.3 million by 2024 (Harbour reference).
 - Adjustment of production headcount.
 - Suspension of planned capacity increase projects in Morocco and Romania, study of the adaptation of the Group's production capacities in Russia, study of the rationalization of gearbox manufacturing worldwide.
 - In France, four working hypotheses for optimizing the production will be the subject of in-depth consultation with all stakeholders, in particular the social partners and local authorities:
 - Renault is launching a consultation process on the Douai and Maubeuge plants to study the creation of an optimized centre of excellence for electric vehicles and light commercial vehicles in northern France.
 - Open reflection on the reconversion of the Dieppe plant at the end of the production of the Alpine A110.
 - In Flins, the creation of a circular economy ecosystem on the site, including the transfer of Choisy-le-Roi's activities.
 - At the Fonderie de Bretagne, Renault is launching a strategic review.
- **Increased efficiency of support functions, approximately €700 million**
 - Optimization of general and marketing costs: digitalization to optimize marketing costs, rationalization of the organization and reduction of costs related to support functions, etc.
- **Refocusing activities for a better allocation of resources**

This refocusing on the Group's core business through a change in its scope would concern in particular:

- Part of the RRG integrated distribution network in Europe
- The transfer of Groupe Renault's stake in Dongfeng Renault Automotive Company Ltd (in China to Dongfeng Motor Corporation and the cessation of Renault branded passenger car combustion engine activities in the Chinese market.

These plans will be presented to employee representative bodies in accordance with applicable regulations. The estimated cost of implementing this plan is in the order of €1.2 billion.

TAXATION

The following is a basic summary of certain withholding tax consequences in France relating to the holding of the Notes. This summary does not aim to be a comprehensive description of all French tax considerations that may be relevant for a decision to invest in the Notes. It is based on the legislation as of the date of this Base Prospectus and may be subject to any changes in law and/or interpretation thereof (potentially with a retroactive effect). Persons who are in any doubt as to their tax position should consult a professional tax adviser.

Withholding taxes on payments made outside France

The following is an overview of certain withholding tax considerations that may be relevant to Noteholders who do not concurrently hold shares of the Issuer.

Payments of interest and other revenues made by the Issuer with respect to Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code Général des Impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code Général des Impôts* (a **Non-Cooperative**) other than those mentioned in 2° of 2 bis of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 bis of Article 238-0 A of the French *Code Général des Impôts*, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable tax treaty) by virtue of Article 125 A III of the French *Code Général des Impôts*.

Furthermore, in application of Article 238 A of the French *Code Général des Impôts*, interest and other revenues with respect to such Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the **Deductibility Exclusion**). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code Général des Impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code Général des Impôts*, at (i) a rate of 12.8 per cent. for payments benefiting individuals who are not French tax residents, (ii) the standard corporate income tax rate set forth in the first sentence of the second paragraph of Article 219-I of the French *Code Général des Impôts* for fiscal years beginning as from 1 January 2020 (i.e. 28 per cent. for fiscal years beginning as from 1 January 2020) for payments benefiting legal persons who are not French tax residents or (iii) a rate of 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 bis of Article 238-0 A of the French *Code Général des Impôts* (subject to certain exceptions and to the more favourable provisions of an applicable tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code Général des Impôts* nor, to the extent the relevant interest and other revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest and other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the *Bulletin Officiel des Finances Publiques – Impôts* BOI-INT-DG-20-50-20140211, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an **equivalent offer** means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (ii) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of

such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or

- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Withholding taxes on payments made to individuals fiscally domiciled in France

Where the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French *Code Général des Impôts*, subject to certain exceptions, interest and other revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at a global rate of 17.2 per cent. on such interest and other revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

FORM OF FINAL TERMS

[MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by European Securities and Markets Authority (**ESMA**), as determined by the manufacturer(s), has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]⁴

PRIIPS REGULATION / PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (**EEA**) or in the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of [Directive 2014/65/EU on markets in financial instruments (as amended, **MiFID II**)]**[MIFID II]**; (ii) a customer within the meaning of Directive (EU) 2016/97 on insurance distribution (as amended or superseded, the **IDD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.
